E057 U-SMD	Electrode Well ### UCRS Depth - U Shallow - S Middle - M Deep - D
	20-60 ft Contour 3-Electrode Well
XE088	Electrode Well w/ Upper Vapor Extraction
X18 U-SMD	Multi-phase Extraction Well
VX201 U-SMD	Vapor Extraction Well
D40	digiTAM Temperature Sensor Well
DV04	Vacuum Monitoring/digiTAM Well (MW) indicates combined vacuum/ digiTAM / monitoring well location
V02	Vacuum Monitoring

SVE Treatment Contour 0-20 ft Depth

ERH Treatment Contour 20-40 ft Depth

ERH Treatment Contour 40-60 ft Depth

Notes:

1. Placement of subsurface components made according to utility locations and drill spacing guidelines provided by LATA.
2. Due to security concerns with the facility, utility line types could not be identified at the time of drawing.
3. Final construction approval will require:
- All utility spacing for drilling locations to adhere to relevant codes and regulations, and
- Well installation to occur within operational limitations of the drilling contractor.
