Dear Ms. Fultz:

**Contract No. DE-EM0004895: Four Rivers Nuclear Partnership, LLC, Deliverable No. 67—2018
Treatability Study Summary Report**

Four Rivers Nuclear Partnership, LLC, (FRNP) has reviewed the requirements associated with the subject submittal. In accordance with 401 *KAR* 39:060 § 3 [40 *CFR* § 261.4(f)(9)], the Kentucky Department for Environmental Protection requires annual submittal of a treatability study summary report for treatability studies that were conducted during the previous calendar year (CY). These studies typically are required for wastes that do not have an identified disposition path.

No treatability studies were conducted during CY 2018. Based on this, a treatability study summary report is not required for 2018.

If there are any questions, please contact James Miller at (270) 441-5068.

The signatory of this transmittal ensures that the document is a signed final document. The signatory also has reviewed and agrees that the deliverable is, to the best of the signatory's knowledge, technically correct, complies with the Contract and applicable DOE Orders, can be implemented without further action and is of sufficient quality, depth, thoroughness, and format to support DOE approval.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Bradford", is written over a printed name and title. The signature is stylized and cursive.

Jeff Bradford
Program Manager
